# “Unfinished Business in the Balkans?”

## Uncertain prospects for an unstable region

Thursday, June 10, 2010, at 8 p.m.

St. George Banquet Hall, 665 King Street North, Waterloo, Ontario

Our guest speaker **Dr. Srdja Trifkovic** has just completed an extensive tour of the region. In his introductory remarks, accompanied by maps and slides, he will address a number of key regional issues:

- Who wants the abolition of Dayton and Bosnia’s centralization?
- Is there a lasting “solution” to the problem of Kosovo?
- Does Serbia have a coherent foreign and security policy?
- What is the impact of Turkey’s growing involvement in the region?
- Who benefits from the ongoing financial crisis in the region?
- Is an eventual EU membership still a viable option for the Western Balkans?

Free entry – donations welcome
